

## Satellite ICP symposium | Sponsored by RAUMEDIC

### Venue

**DGI-byen Congress Centre**  
Copenhagen

### Date and Time

Thursday, May 18th 2017  
09.00 – 12.00 a.m.

This satellite symposium addresses basic problems in everyday diagnostics and management of ICP relevant for most neurosurgeons. It is thus not meant to be a play-ground “for experts only” – on the contrary, our purpose is to lend the expert’s experience to understand some basic principles which can be helpful in daily clinical management.

09.00 – 09.05 **Welcome by Marianne Juhler and Katja Meixner, RAUMEDIC AG**

#### ICP methodology

- 09.05 – 09.25 **ICP reference values – what we know and what we don’t know, but should know**  
Marianne Juhler, Copenhagen
- 09.25 – 09.45 **ICP pulse waves: research and clinical relevance – and a guide to clinical reading of ICP curves**  
Per Kristian Eide, Oslo
- 09.45 – 10.00 **Clinical experience with telemetric ICP monitoring**  
Alexander Lilja-Cyron, Copenhagen
- 10.00 – 10.15 **Knowing differences in valve design is not only for the ICP nerds - how knowing things about this may help prevent complications**  
Marianne Juhler, Copenhagen
- 10.15 – 10.30 **Coffee break**

#### Clinical presentations

- 10.30 – 10.50 **The lumbar infusion test and tap-test in NPH diagnosis**  
Steen Hasselbalch, Copenhagen
- 10.50 – 11.10 **Recent developments in NPH diagnosis and treatment**  
Dan Farahmand, Göteborg
- 11.10 – 11.25 **The effect on ICP by shunt adjustment and body positions**  
Dan Farahmand, Göteborg
- 11.25 – 11.40 **The impact of hemicraniectomy on physiological ICP regulation**  
Alexander Lilja-Cyron, Copenhagen
- 11.40 – 11.55 **Obstructive hydrocephalus isn’t just aqueductal stenosis – where and how to look for sites of obstruction on images**  
Uwe Kehler, Asklepios Klinik, Hamburg
- 11.55 – 12.00 **Closing remarks**  
Per Kristian Eide
